PAIR WITH US!

“PAIR” WITH US AND GIVE KIDS WITH RARE & UNDIAGNOSED DISEASE THE CHANCE TO THRIVE!

Take Part Foundation helps kids with rare and undiagnosed diseases have a better shot at THRIVING. Too often the research needed to make life-altering therapies for these warriors with rare conditions dramatically lacks the funding it needs to bring the research to the finish line. Take Part helps bridge this funding gap for rare pediatric research in hopes of helping more kids THRIVE. Additionally, we provide resources for rare & undiagnosed families to better tell their story AND get access to the genetic testing needed to “diagnose” their child.

“MATCH” YOUR GOALS TO OUR MISSION

Your support of Take Part Foundation means MORE families and friends have the ability to TAKE PART in a possible cure or therapy for their child where NONE exists and hope is usually lost. And equally important, your support helps MORE kids whose families cannot afford genetic testing finally find the diagnosis they need. This diagnosis can literally change the trajectory of a child’s life. Families with a diagnosis have an easier time working with insurance and school districts to get access to therapies, equipment, and more that helps their warrior THRIVE!

THE “SOLE” PURPOSE OF WHAT WE WANT TO ACCOMPLISH

When you “pair with us” in 2025, you will help us to raise funds for promising rare pediatric research AND help us to fund more genetic testing for families in need through St. Louis Children’s Hospital. Funding ensures that our warriors and their families are provided with the testing, hope, and community needed to THRIVE. We are at the beginning of the huge IMPACT we can make right here in St. Louis for rare families all over the world...all we need now is the continued support of generous partners like you who believe in fighting for possible for kids whose lives feel increasingly impossible each day.
